

California Department of Fish and Wildlife

Coffee with CDFW

California Department of Fish and Wildlife (CDFW) is kicking off “Coffee with CDFW” to make themselves more available to the public to answer questions and/or provide assistance with permits, agreements, etc. Items include, yet not exclusive to: understanding hunting and fishing regulations, assistance with Lake and Streambed Alteration Agreements (LSAA, also known as 1600 agreements), discuss the listing of a species, get advice on programs available for restoration on your property, find out what wildlife areas are nearby, learn about requirements to harvest timber on your property, etc.

March 22, 2017, 8:00-10:00am – Black Bear Diner, Yreka

March 29, 2017, 8:00-10:00am – Bob’s Ranch House, Etna

April 5, 2017, 8:00-10:00am – Black Bear Diner, Mt. Shasta

The intent is for this to be informal and the public can come at any time during the above times to any of the locations. Unfortunately, CDFW will not be providing the coffee.

Please direct any questions or comments to Senior Environmental Scientist Janae Scruggs at 530.841.2567 or Janae.Scruggs@wildlife.ca.gov.
