Costs and Insurance

SUD of Siskiyou County Behavioral Health is funded by State and Federal funds.

Therefore, cost to clients is based on a sliding scale according to income; no one is denied treatment due to lack of ability to pay.

While referrals from outside agencies and providers are accepted, they are NOT required.

Our services are share-based on share-of-cost. Medi-Cal and most Private Insurances cover SUD treatment.

Confidentiality

Due to our receiving of federal funds, federal laws mandate strict rules of confidentiality of client identities and records.

Release of information about clients is limited to the specifications of these laws. [42 CFR Part 2]
